Welcome

Ladies and Gentlemen,
Dear athletes,

"Game, set and match" will be the motto of the 10th European police championship in tennis in the coming days in Münster. I would like to thank everyone who made this tournament possible - especially to the team from the police headquarters in Münster.

I am pleased that Germany is hosting these championships and that I, as Minister of the Interior of the State of North Rhine-Westphalia, may welcome athletes from all over Europe.

Police and sports – that just belongs together. Sport does not only keeps you fit and healthy, it could also help you to better manage the physically and mentally demanding work in the police force.

Just like police work, sport is teamwork. It connects people and it's about respect - respect within your own team but also for your opponent. And regardless of who

wins or loses in the end: It's always togetherness that counts.

A tournament like this is also a team-building measure. With the shared enthusiasm for the sport and in competition, new friends will be found. That's good, because in the globalized world, cooperation across borders has become an important factor, especially for the police. Friendships are the best base for this.

With this in mind, I wish all athletes much fun and success - achieve your personal top athletic performance!

I wish all visitors exciting matches and a pleasant stay in Münster.

Herbert Reul
Minister of the Interior of North Rhine-Westphalia

Dear Sports Friends,

I am very happy to welcome you to the 10th USPE European Police Championships (EPC) Tennis in Münster/Germany.

The Covid-19 pandemic had a massive impact on sports activities in Europe and around the world. The USPE was obliged to postpone many sports events. That's why I'm pleased that we are finally able to hold this EPC Tennis.

From 31st July till 7th August 2022, the best tennis players from different European police forces will gather here to compete.

The USPE entrusted the German Police Sports Board (Deutsches Polzeisportkuratorium – DPSK) with the organisation of these great championships. I would like to express my gratitude to the DPSK and the whole organising team for their joint efforts and great commitment.

Thanks to the organisation of these EPC the USPE builds bridges of friendship and strengthens the cooperation between the police forces in Europe.

I look forward to attending exciting competitions and wish all the athletes, coaches, delegates and guests a pleasant stay and everlasting memories of this event.

Kindest regards,

Luc Smeyers
President USPE

Ladies and gentlemen,
Dear special guests,
Dear sports enthusiasts,

in 2024, the German Police Sports Board (DPSK) celebrates its 75th anniversary.

The sports that the DPSK supervises have changed over the years and adapted to the current interest.

The 10th European Police Tennis Championship in Münster follows the tradition of a sport that had its origins in the 13th century in the courtyards of northern France. The “Jeu de paume” spread over France and England. It inspired people then and now.

As we are hosting a European Police Tennis Championship in Münster with 11 nations, it is already the 10th European Police Championship and we can look back on more than 30 years of tennis in police sports.

In the past and also today, the participants are police officers who practise “their” sport in their spare time, in addition to the strenuous service, train for this purpose and qualify for the tournament by their performances.

I am glad that Germany has been able to host the championship and I would like to thank the state of North Rhine-Westphalia for its willingness to host the EPM.

Organising an EPM, being a good host to the participating countries and yet, despite all professionalism, giving tennis a dignified setting is not just a side event. Therefore, on behalf of the Board of Trustees of the DPSK, I would like to thank the organising team of the Police headquarters Münster for their tireless and dedicated work.

I wish all of us, also in the spirit of international understanding of sport, an injury-free and successful tournament.

Roland Küpper
Chairman of the Board DPSK

Dear athletes,
Dear friends and guests,

welcome to the 10th European Police Tennis Championships in Münster.

From July 31st to August 7th, an exciting week is coming up – serves, returns, lobs and set balls. I'm sure you're already looking forward to the matches on the courts.

Enthusiasm, true passion, fairness, team spirit, lively cohesion: For me these are the true values of our tournament. Sport brings us humans together in a very special, even magical way. In the words of Martina Navrátilová: "The tennis ball does not know how old I am. The ball does not know whether I am a man or a woman. Sport has always overcome barriers."

This year's teams come from eleven countries: Austria, Bulgaria, the Czech Republic, Hungary, Norway, Great Britain, Belgium and Greece, the Netherlands, Slovakia and Germany.

It is a special pleasure for me to welcome you all to my beautiful hometown. Take the chance to look around Münster! It's worth it. Be sure to take a bike in our beautiful cycling city – do it like the people of Münster do. Enjoy the flair in Münster's parlor, – our "Prinzipalmarkt", relax in the Botanical Garden behind the castle or take a trip on a pedal boat across the Aasee. Münster is colourful. Münster is cosmopolitan. Feel comfortable! Be heartily welcome! I wish you unforgettable impressions and good luck on the tennis court!

Alexandra Dorndorf
Police President of the Police Headquarters Münster

Villa ten Hompel

A former "perpetrator location"
– The historical place Villa ten Hompel

The Villa ten Hompel had originally been built as a private residential house by Rudolf ten Hompel, a wealthy owner of several cement factories in the region surrounding Münster, in the 1920s. Since that time, the villa has witnessed an eventful history: During the Second World War, the villa was used as the headquarter of the regional uniformed police forces of the military district VI and therefore became the point of origin of national socialistic injustice committed by desk-bound perpetrators and armed police forces. In the postwar period, the villa sheltered the regional department of indemnification between 1954 and 1968.

Since 1999, it houses a research, education and pedagogical center as well as a permanent exhibition and is open to the public.
